Kratek predmeta razpisa:	opis	<p>Evropska Komisija je 27. 1. 2022 objavila javni razpis za sofinanciranje priključitve organizacij iz držav, ki zaostajajo na področju raziskav, razvoja in inovacij (t.i. widening države) k izbranim projektom stebra 2 in stebra 3 (EIC Iskalec). Gre za t.i. "hop on" shemo, ki daje možnost sofinanciranja vključevanja dodatnih partnerjev, tudi iz Slovenije, v že izbrane projekte, ki so sofinancirani iz sredstev Obzorja Evropa.</p> <p>Javni razpis je namenjen krepitvi raziskovalne odličnosti v tako imenovanih "widening državah", prepoznavnosti sodelujočih, izboljšanju prenosa znanja, odpiranju zaprtih silosov obstoječih konzorcijev ter pridobivanju novih znanj in spretnosti za delo na mednarodnih projektih institucij iz tako imenovanih "widening držav".</p> <p>Na spletni strani EU Funding and Tenders portal najdete več informacij o javnem razpisu in pogojih za sodelovanje (v angleščini).</p>
Višina razpoložljivih sredstev:	Javni razpis se bo v letu 2022 izvedel z več odpiranji. Za vsa odpiranja v letu 2022 namenjenih 40 milijonov evrov, indikativno za prvo odpiranje 20 milijonov evrov.	
Maksimalna višina sofinanciranja:	Pričakuje se sofinanciranje v višini od 200.000 evrov do 500.000 evrov, pri čemer so ta sredstva namenjena v celoti za stroške novega partnerja, razen 10% pristojbine za koordinacijo, ki jo lahko prejme koordinator.	
Ciljne skupine oz. potencialni upravičenci:	Gre za ti. RIA aktivnost, saj gre za vključitev novega partnerja k obstoječim izbranim konzorcijem, ki imajo podpisane pogodbe o sofinanciranju v okviru stebra 2 in stebra 3 (EIC Iskalec) in v projektu nimajo nobenega partnerja iz nobene izmed držav, ki zaostajajo na področju raziskav, razvoja in inovacij, kot so definirane v Delovnem programu WIDERA in v okviru posebnih pogojev javnega razpisa.	

1.3 EIC Accelerator

Izdajatelj:	European Commission	
Status: aktiven	Datum objave: 1.3.2022	Rok prijave: <ul style="list-style-type: none"> • 5. 10. 2022; 17:00:00 Brussels time

Kratek opisa predmeta razpisa:	<p>The EIC Accelerator focuses in particular on innovations, building on scientific discovery or technological breakthroughs ('deep tech') and where significant funding is needed over a long timeframe before returns can be generated ('patient capital'). Such innovations often struggle to attract financing because the risks and time period involved are too high. Funding and support from the EIC Accelerator is designed to enable such innovators to attract the full investment amounts needed for scale up in a shorter timeframe.</p> <p>The EIC Accelerator supports the later stages of technology development as well as scale up. The technology component of your innovation must therefore have been tested and validated in a laboratory or other relevant environment (e.g. at least Technology Readiness Level 5/6 or higher and have fully completed Technology Readiness Level 4). The EIC Accelerator looks to support companies where the EIC support will act as a catalyst to crowd in other investors necessary for the scale up of the innovation.</p> <ul style="list-style-type: none"> • <u>EIC Accelerator Challenge: Technologies for 'Fit for 55'</u> • <u>EIC Accelerator Open</u> • <u>EIC Accelerator Challenge: Technologies for Open Strategic Autonomy</u> 	
Višina razpoložljivih sredstev:	1.167.846.081 EUR	
Maksimalna višina sofinanciranja:	See EIC Work Programme 2022 Up to EUR 2.5 million grant component for technology development (TRL 5/6 to 9); EUR 0.5 up to 15 million investment component for scaling up and other activities. Grant only/grant first under certain conditions. Investment component only for small mid-caps or as follow up to grant only.	
Ciljne skupine oz. potencialni upravičenci:	See EIC Work Programme 2022 Single start-ups and SMEs (including spin-outs), individuals (intending to launch a start-up/ SME) and in exceptional cases small mid-caps (fewer than 499 employees).

Kratek opisa predmeta razpisa:	<p>EIC Transition funds innovation activities that go beyond the experimental proof of principle in laboratory. It supports both the maturation and validation of your novel technology from the lab to the relevant application environments (by making use of prototyping, formulation, models, user testing or other validation tests) as well as explorations and development of a sustainable business case and business model towards commercialisation.</p> <ul style="list-style-type: none"> • <u>EIC Transition Challenge: RNA-based therapies and diagnostics for complex or rare genetic diseases</u> • <u>EIC Transition Open 2022</u> • <u>EIC Transition Challenge: Green digital devices for the future</u> • <u>EIC Transition Challenge: Process and system integration of clean energy technologies</u> <p>EIC Transition projects should address, in a balanced way, both technology and market/business development, possibly including iterative learning processes based on early customer or user feedback. These activities should include, subject to the level of maturity of the technology, a suitable mix of research, technology development and validation activities to increase the maturity of the technology beyond proof of principle to viable demonstrators of the technology in the intended field of application (i.e. up to Technology Readiness Level 5 to 6).</p>	
Višina razpoložljivih sredstev:	131.360.126 EUR	
Maksimalna višina sofinanciranja:	See EIC Work Programme 2022 Grants of up to EUR 2.5 million (or more if properly justified) to validate and demonstrate technology in applicationrelevant environment (TRL 4 to 5/6) and develop market readiness.	
Ciljne skupine oz. potencialni upravičenci:	See EIC Work Programme 2022 Single applicants (SMEs, spin-offs, start-ups, research organisations, universities) or small consortia (two partners) or consortia of three to five different independent legal entities established in at least three different eligible countries. Kratek opis predmeta razpisa:	<p>This call for proposals aims to support stakeholders to improve measurement of food waste and help implement food waste prevention in their operations and organisations. This call concretely targets the hospitality and food services sector. The European Commission is particularly looking for solutions and technologies that are ready to be implemented by SMEs since they are the main economic operators in this sector. Such solutions and technologies should be ready for implementation, in close-to-market conditions, at industrial or commercial scale, during the duration of the project.</p> <p>The programme provides action grants for pilot and demonstration projects in particular projects which develop, test and demonstrate innovative approaches to prevent and reduce food waste (relating to e.g. organisation, management, intersectoral cooperation etc.), including both social and technological innovations. Project proposals should include an initial food waste diagnosis to understand the extent of the issue and should integrate food waste measurement as part of the assessment of the effectiveness of the food waste prevention initiatives proposed.</p>

Ciljne skupine oz. potencialni upravičenci:	Anyone that can bring a relevant contribution to the topics of NGI Assure can apply, whether you are a natural person or an organisation of any type that wants to improve and further develop Distributed Ledger Technologies, advanced blockchain technologies and related enabling technologies. You can remain anonymous during the evaluation, if you so desire.	

Minors that have not yet reached the age of legal consent in their country of origin on the date of the deadline may also apply; consent from a legal representative such as a parent does not have to be provided prior to initial submission, except consent for processing of applicant personal data. Minors must apply using the NLnet website only (<https://nlnet.nl/propose>).

Note that a European dimension to the project, that means to bring benefits for the European society) is a requirement. Given equally strong proposals, applicants from Europe are given priority.

1.17 Upcoming deadline for annual workplans and international activities to take place in 2023

Kratek opisa predmeta razpisa:	<p>International activities</p> <p>A work plan cannot be a set of very small activities or material production only. A work plan needs to have a "European dimension" and this means it should still contain international activities (at least one).</p> <p>Remember the criteria of international activities (see link): 4 nationalities represented in the team, a gender and geographical balance among participants (minimum of 7 nationalities).</p> <p>You should find co-funding for the international activities. The EYF will not be able to cover more than two-thirds of the total cost of the international activities calculated together (i.e. the two-third rule will not apply to each separate international activity).</p> <p>Other activities</p> <p>"Other activities" can be included such as campaigns, study visits, series of workshops, "mobile" activities (activities which involve travel).</p> <p>Preparatory meetings, research, needs analysis should be linked to an activity in the work plan, not an activity in itself. Material production should be the "result of" or part of the "follow up of" an activity and not an activity standing on its own.</p> <p>Statutory or internal meetings (e.g. Board meetings, General Assemblies) cannot be included as separate activities in a work plan. These are covered by an EYF structural grant. If a statutory meeting takes place in conjunction with an activity supported by the EYF (e.g. a Board meeting directly after an international activity), this has to be clearly explained and the relevant costs must be separated.</p>	
Višina razpoložljivih sredstev:		
Maksimalna višina sofinanciranja:	The maximum grant allocated is €50 000. The grant awarded for an annual work plan is paid in three instalments: 60% when the signed contract is sent to the EYF by post and the conditions in the contract (if any) are met, 25% upon receipt of the interim report and the remaining 15% upon receipt of a satisfactory activity and financial report.	
Ciljne skupine oz. potencialni upravičenci:	<p>The EYF only supports non-governmental youth organisations.</p> <p>Your organisation must be non-profit-making and non-governmental, i.e. not part of a government. If you are funded or partially funded by a government, no government representative can be a member. It cannot be a private business either.</p> <p>Your organisation must be a youth organisation: the decision-making structure is composed of young people; the members of the organisation must be young people; your activities and projects are carried out by young people, for young people and with young people. NGOS wishing to apply for a grant must first be registered online.</p>
