| Izdajatelj: | European Commission ERDF Interregional Innovation Investments (I3) Instrument | |
| Status: aktiven | Datum objave: 17.5.2023 | Rok prijave: • 17. 10. 2023 17:00:00 Brussels time |
| Vir objave: | https://ec.europa.eu/info/funding-tenders/opportunities/portal/screen/opportunities/topic-details/i3-2023-inv1;callCode=null;freeTextSearchKeyword=:matchWholeText=true;typeCodes=0,1,2,8;statusCodes=31094502;programmePeriod=null;programCcm2Id=null;programDivisionCode=null;focusAreaCode=null;destinationGroup=null;missionGroup=null;geographicalZonesCode=null;programmeDivisionProspect=null;startDateLte=null;startDateGte=null;crossCuttingPriorityCode=null;cpvCode=null;performanceOfDelivery=null;sortQuery=sortStatus;orderBy=asc;onlyTenders=false;topicListKey=topicSearchTabPageState | |
| Kratek opisa predmeta razpisa: | <p>The overall objective of the Strand 1 call is to provide financial and advisory support for interregional innovation investments in shared and complementary smart specialisation areas along European value chains.</p> <p>An interregional investment is a combination of assets (time, money, effort, etc.) or items mobilised across borders with the view to generate income and/or to create future value for more than one region. It is a concrete concept to develop innovation and valorise available research results in a specific value chain. The development of the business and investment cases is facilitated by the regional innovation ecosystems with companies in the lead. I3 business investment cases have a minimum TRL 6 and have the ambition to facilitate demonstration and to accelerate market uptake and commercialisation.</p> <p>The goal is to mobilise tangible and intangible investments in companies, in particular small- and medium-sized enterprises (SMEs).</p> <p>To enable less developed regions to participate in EU value chains, contributing to cohesion policy objectives.</p> <p>To link and align the bottom-up process centred on “entrepreneurial discovery” that involves interactions among quadruple helix actors to identify new regional technological domains and market opportunities with the EU priorities; and to bridge the gap between the supply and demand sides and help innovation ecosystems overcome market failures.</p> <p>To provide support for companies (in particular SMEs) in building portfolios of interregional innovation investments in shared or complementary S3 priority areas; and to support the demonstration, market uptake and scaling up of mature innovations to be brought on the market.</p> <p>Under this call, applicants have the possibility to include Financial Support to Third Parties (FSTP) in the form of “Cascade funding” for grants in their proposal. FSTP allows to select SMEs during the implementation phase in order to contribute to the investment project by carrying out necessary and missing tasks e.g., to complete a specific value chain and/or to offer a specific groundwork for testing and optimising products and production processes, or for the exploration of new processing technologies. The costs for financial support to third parties cannot exceed 30% of the total eligible costs.</p> <p>Thematic priorities - I3-2023-INV1 Applications under this call for proposals must address one of the following thematic priorities:</p> <ul style="list-style-type: none"> • Digital transition or • Green transition or • Smart manufacturing <p>linked to the burning challenges identified in the New European Innovation Agenda. Each project application under this call must address one thematic priority and at least one burning challenge. Applicants wishing to apply for more than one thematic priority, must submit a separate proposal.</p> | |
| Višina razpoložljivih sredstev: | 31.213.426,50 EUR | |

| | |
|---|--|
| Maksimalna višina sofinanciranja: | At least 70% of the total eligible costs must be allocated to investments in companies, with a focus on SMEs. Project budgets (maximum grant amount) are expected to range between 2.000.000 EUR and 10.000.000 EUR per project, but this does not preclude the submission/selection of proposals requesting other amounts, if duly justified in the application. The grant awarded may be lower than the amount requested. |
| Ciljne skupine oz. potencialni upravičenci: | In order to be eligible, the applicants (beneficiaries and affiliated entities) must: – be legal entities (public or private bodies) – be established in one of the eligible countries, i.e.: – EU Member States (including overseas countries and territories (OCTs)) – non-EU countries: – listed EEA countries and countries associated to the I3 Instrument or countries which are in ongoing negotiations for an association agreement and where the agreement enters into force before grant signature (list of participating countries). |

| Kratek opis predmeta razpisa: | <p>-STARS is a project co-funded by the European Commission under the Single Market Programme (SMP), which aims at building a more resilient, innovative, and sustainable tourism ecosystem by taking at least 125 tourism MSMEs operating in Cyprus, Greece, Ireland, Spain, and Italy, on a transformation 'journey', the 2030 journey to recovery and sustainability. At the same time, at least 300 MSMEs will be boosted as far as their development and capacity in sustainable innovations is concerned through free online courses.</p> <p>The I-STARS Grants for Tourism Businesses aim to assist Micro Small and Medium Enterprises (MSMEs), especially those operating on islands, from the tourism sector shift towards more sustainable and responsible management through the uptake of appropriate solutions ranging from resource management (energy, waste, water, carbon), sustainability initiatives, sustainability certification schemes to strategies and implementing measures, providing them as such with heightened resilience to shocks, enhanced social, economic, and environmental awareness and responsibility. MSMEs will receive customized services from Consultants, experts on Sustainability, tailored to each individual MSME's particular case. The awarded grants shall boost tourism MSMEs awareness, development, and capacity to integrate sustainable innovations in their business practice, adopting sustainability, resilience and circularity as drivers of their competitiveness in the rapidly changing global tourism market scenario.</p> <p>The Programme will directly work with at least 125 tourism MSMEs operating in 5 European countries (Cyprus, Greece, Ireland, Italy and Spain). These MSMEs will be boosted to become 'champions' of sustainability and inspire other MSMEs in their local contexts. The awarded MSMEs projects will contribute to build a more sustainable and resilient European (island) tourism sector.</p> | |

| Vir objave: | https://www.alpine-space.eu/for-applicants/how-to-apply/#calls | |
| Kratek opisa predmeta razpisa: | <p>The Interreg Alpine Space programme 2021-2027 is an EU transnational cooperation programme, funded by the European Regional Development Fund (ERDF) under the European Territorial Cooperation objective of the EU Cohesion Policy.</p> <p>We are at the forefront of the transition to a unique, carbon neutral and climate-resilient Alpine region. With the programme, we want to foster the integration of sustainable economic development, societal well-being and the preservation of biodiversity. To do so, we bring together stakeholders from different sectors and regions to work on innovative projects and pioneering ideas for the benefit of those who live and work in the Alpine region.</p> <p>In order to take a step forward in territorial integration, the programme will act as a driver for stakeholders who are willing to put into practice fresh ideas on climate resilience and green infrastructure, carbon neutrality, innovation and governance. The programme is therefore interested in supporting projects that grasp opportunities for economic growth or take stock and capitalise on achievements in place. The ultimate goal is to make the Alpine region greener and smarter, and help advance actions in the policy fields covered by EUSALP.</p> <p>The priorities:</p> <p><u>Priority 1: Climate resilient and green Alpine region</u></p> <p><u>Priority 2: Carbon neutral and resource sensitive Alpine region</u></p> <p><u>Priority 3: Innovation and digitalisation supporting a green Alpine region</u></p> <p>The duration of the projects shall range between 24 and 36 months; In order to ensure transnationality, the partnership must involve 7 to 12 partners from at least four different countries of the programme area (including the lead partner).</p> | |
| Višina razpoložljivih sredstev: | The programme partner states invest EUR 107 million ERDF to co-finance transnational cooperation projects promoted by public and private organisations from seven Alpine countries. | |
| Maksimalna višina sofinanciranja: | The total financial size of each project shall range between EUR 1 and 3 million; | |
| Ciljne skupine oz. potencialni upravičenci: | <p>Applicants need to keep in mind the following cornerstones:</p> <p>The lead partner shall be a public or public equivalent institution. A good mix of project partners including implementation-oriented organisations, the local level and multipliers should be considered. All information can be found in the programme manual (chapter B.2.1 Project Partners, page 29-30).</p> | |
