| Status: aktiven                             | Datum objave: 17.5.2017   | <b>Rok prijave:</b><br>• <b>3rd deadline: 15. 4. 2018</b> |

| Kratek opis predmeta razpisa:               | <p>The objective of the call is to test a transaction cost support scheme in the form of a grant to be combined with financial instruments as a means to address the mismatch of needed and sustainable ticket sizes. More particularly, it aims at catalysing smaller risk-capital investments of below 500.000 EUR that otherwise would not happen.</p> <p>The grant is aimed at financial intermediaries that undertake long term risk capital investments in ticket sizes of less than 500.000 EUR in the form of equity, quasi-equity, or hybrid financing (see annex II for a glossary) to social enterprises in the EaSI Participating Countries<sup>7</sup>. It will serve to lower the transaction costs for these small investment tickets and thus help overcome a market failure in the social enterprise finance market.</p> <p>Activities related to the preparation, conclusion and follow-up of long term risk capital investments into social enterprises may be funded under this call for proposals. This may include activities such as:</p> <ul style="list-style-type: none"> <li>• travelling to meet (potential) investees;</li> <li>• screening and processing investment applications;</li> <li>• preparing legal documents, potentially with a lawyers' advice;</li> <li>• carrying out the due diligence, including assessing (potential) impact;</li> <li>• providing investment readiness, scaling readiness or business restructuring support;</li> <li>• bringing in co-investors;</li> <li>• managing the investments and monitoring social impact.</li> </ul> |   |
