Kratek opis predmeta razpisa:	<p>The objective of the call is to test a transaction cost support scheme in the form of a grant to be combined with financial instruments as a means to address the mismatch of needed and sustainable ticket sizes. Kratek opis predmeta razpisa:	<p>In order to facilitate strategic interregional collaborations and strong industry involvement, and to create a project pipeline for smart specialisation investments across Europe, the European Commission started to offer support to regional authorities, clusters and industry stakeholders through an integrated approach to smart specialisation, clusters and industrial modernisation. This approach combines two mutually reinforcing initiatives:</p> <p>First, the Commission has set up Thematic Smart Specialisation Platforms to bring together regional authorities interested in joining forces in the implementation of their RIS3 strategies. This approach was launched in 2015 with the set-up of the Smart Specialisation Platform on Energy and two additional Thematic Platforms on Industrial Modernisation and on Agri-Food in 2016, with possibly others to follow.</p> <p>Second, the Commission is starting with this call for proposals to mobilise European Strategic Cluster Partnerships for smart specialisation investments. These partnerships should be composed of cluster organisations, other business network organisations, technology centres and science parks aiming to boost inter-regional collaborations and innovation activities amongst groups of SMEs in specific thematic areas, related industries and value chains. Moreover, the strategic partnering of cluster organisations is not left to happen at random but with a specific linkage to the Thematic Smart Specialisation Platform on Industrial Modernisation.</p>	
Višina razpoložljivih sredstev:	The total budget earmarked for the co-financing of projects is estimated at 2.800.000 EUR.	
Maksimalna višina sofinanciranja:	<p>The maximum grant per project will be 350.000 EUR. EASME expects to fund eight proposals.</p> <p>The grant is limited to a maximum reimbursement rate of 75% of eligible costs.</p>

Kratek opis predmeta razpisa:	<p>The Programme is implemented through two strands and a horizontal action: - Strand 2: Democratic engagement and civic participation – Networks of town.</p> <p>Municipalities and associations working together on a common theme in a long-term perspective may wish to develop networks of towns to make their cooperation more sustainable. Networking between municipalities on issues of common interest appears to be an important means for enabling the exchange of good practices.</p> <p>Twinning is a strong link that binds municipalities; therefore, the potential of the networks created by a series of town twinning links should be used for developing thematic and long-lasting cooperation between towns. The European Commission supports the development of such networks, which are important for ensuring structured, intense and multifaceted cooperation, therefore contributing to maximising the impact of the Programme.</p>
